# Official Rules for Outhouse Races

The first rule of consideration is safety for the racers and for the public. Use good common sense based on safety in all construction of outhouse, in dress, and in racing.

## **OUTHOUSE STRUCTURE RULES:**

- Outhouses may be built out of any solid material. There are no weight requirements, but must be at least 36" wide x 36" deep.
- Outhouses should have four sides, a roof, and a doorway. If teams choose to have a door, it must be secured open during the race.
- Windows are allowed, but please do not use glass, and can't be larger than 18"x18"
- Any number and size of wheels may be used.
- Bicycle parts are permitted, but no intact bicycles are allowed.
- Outhouses must be at least 5 feet from the floor to the highest point of the outhouse.
- You must push or pull your entry; no motors or pedals are allowed.
- Each outhouse must have a seat with a hole that one team member sits in during the race. The seat must be securely attached to the outhouse, and the rider may hold on to a grasping device, which is recommended for safety reasons.
- Each outhouse should have its name or theme displayed on the outhouse and at least one roll of toilet paper within the structure.
- We would appreciate your outhouse resembling an actual outhouse, since it is an "outhouse" race.

## **TEAM RULES:**

- Up to 4 people can be on each team, and one person must ride inside the outhouse and remain in the outhouse throughout the race.
- A helmet is strongly recommended for all participants, but the team member riding in the outhouse IS REQUIRED to wear a helmet.

A team can run their outhouse in more than race, but they must change at least 2 of the team members and pay the 75.00 entry fee for every time they race.

Up to 4 people on a team, there needs to be a person in the outhouse all times during the race. This gives me to option to play some games where I might have them switch people in and out of the outhouse or jump out and do something and then jump back in.

## **RACE INFO:**

- The race will take place in front of the Grand Stand on the race track.
- Two outhouses will race in each heat and must remain in their own lane. The winner of each heat will advance to the next round.
